IT'S GOOD TO BE A WOMAN:
VOICES FROM BRYN MAWR, CLASS OF '62
By Alison Baker

In 1962, most college-educated women still expected their lives to revolve around marriage and family, but a few had larger ambitions. IT'S GOOD TO BE A WOMAN tells the stories of a group of women who came out of Bryn Mawr College determined to have lives of their own, to make a difference. Follow these stubborn, can-do optimists as they navigate the turbulence of the sixties, confront crisis, build careers, and chart new territory for women. In a world of flux and mixed messages, each woman had to create her own particular path through life, to find her own way. They turned out to be the wave of the future: In the absence of well-defined career tracks, they had to be creative in seizing opportunities, in balancing the demands of work and family.
